INTELLIGENT MAILING - SMART, POWERFUL

AND EFFORTLESS

IM440

A Professional Mailing Solution for
the Dynamic Office Environment

HASLER
America's better choice. ®

HASLER'S IM440

DELIVERING RESULTS FOR YOUR OFFICE

Dynamic business environments count on powerful performers who can get the job done with accuracy and speed. The IM440 offers fast, friendly operation that simplifies mailing and mail management. It's intelligent features and efficient processing start with the automatic envelope feeder, best-in-class weighing and rating, and desktop data access for easy mail management. And with its sleek design and quiet operation, you can be sure that the IM440 will easily integrate into your office.

CONTROL MAILING COSTS AND MAINTAIN ACCURATE ACCOUNTING

Achieve real savings in your mailing operations by controlling postal expenditures and effectively monitoring the bottom line. Track usage and postal costs by department and establish and monitor individual budgets with pre-set limits and automatic alerts. Access information from your desktop and generate reports to analyze departmental, mail class and time-period data, or customize your own reports.

FAST, FRIENDLY OPERATION

Operation is simple and friendly for everyone in your office. The IM440 offers a host of smart functions and effortless menu prompts that improve productivity and eliminate errors. With simple navigation and quick shortcuts you can process mail in a few simple steps.

DON'T RUN OUT OF INK

Intelligent Mailing also means efficient ink management. The IM440 uses a long-life cartridge and minimizes ink usage by printing a smaller, USPS compliant IBI Lite indicia. "Low ink" email alerts ensure that you don't run out of ink, keeping your mailing process up and running. And the IM440's quick access cartridge design means changing ink has never been easier.

SIMPLE AND CONVENIENT PROCESSING

Process your mail quickly and easily. Weighing and rating your mail is fast and accurate when using Differential Weighing technology. Simply place all your mixed weight mail on the weighing platform, remove an envelope, and the correct rate is calculated automatically. And with "Smart Start", when you're ready, so is your IM440. Each time an envelope is removed, the automatic envelope feeder activates and is ready to process your mail.

ACCURATE, EFFICIENT RATE SELECTION

Don't be confused by postal rates. Let the IM440 Rate Wizard give you a hand so you don't have to be a postal expert. The IM440 Rate Wizard walks you step-by-step through the process of choosing the right rates and combination of USPS® special services. It also offers rate shortcuts for quick selection of commonly used rates, improving and simplifying the entire mailing process.

MONITOR, TRACK AND CONTROL POSTAGE COSTS

Online access takes the hassle out of managing your mailing operations. Stay up to date on new rate changes through automatic downloads of the latest USPS postal rates. Simplify business processes by receiving "low ink" alerts via e-mail for timely reordering. Eliminate postage prepayment through convenient "download postage now, pay later" capability. And, qualify for discounted rates when using USPS Special Services electronically.

A SUITE OF VALUE-ADDED PRODUCTS AND SERVICES THAT COMPLETE YOUR TOTAL MAILING SOLUTION

Today's fast-paced office environment requires your mailing operations to be as intelligent as the rest of your business. More than ever, you need real solutions from a complete mailing system. Hasler offers an array of products and services that result in mail center savings and peak performance.

Maximize productivity by integrating into your system a Hasler folder/inserter, a powerful address printer, or a high-speed tabber. Or, add Hasler's innovative software to your digital mailing system for accurate accounting and pinpoint tracking of both inbound and outbound shipments.

Hasler has the total mailing solution to meet all your important processing needs, today and as you change and grow in the future.
