IMPROVING PERFORMANCE AND PRODUCTIVITY

IM480

The Intelligent Mailing Solution
for Efficient Mail Operations

HASLER
America's better choice. ®

INTELLIGENT MAILING

COST CONTROL, MAIL MANAGEMENT AND SIMPLER OPERATIONS

The IM480 is the perfect solution for fast, simple and accurate mail processing. It helps you efficiently manage mailing operations and control postage costs, bringing intelligent mailing to every office environment. Employing the latest in user-friendly technology, the IM480 can dramatically reduce mail processing time and significantly increase productivity. Its "online management" capabilities can streamline your mailing operations by allowing for easy monitoring, tracking, and controlling of costs.

DRAMATICALLY REDUCE PROCESSING TIME WITH DYNAMIC WEIGHING

The IM Dynamic Weighing Platform (IMDWP), with its patented Four Point Detection System, keeps you in compliance with USPS® Shape-Based Pricing requirements. It automatically weighs, measures and rates mail pieces so you don't over- or under-post mail. At 90 letters per minute, the IMDWP processes your mail fast and accurately.

SELF-ALIGNING, EFFICIENT FEEDING OF MIXED-SIZE MAIL

The mixed-size feeder eliminates the need to manually sort mail by size, thereby allowing you to process mail faster and more efficiently. By eliminating manual adjustments, the IM480 automatically processes and seals different sizes and formats of envelopes within the same batch. And, the system's anti-skew rollers properly align mail pieces, effectively eliminating jams and avoiding costly misprints.

SHAPE-BASED PRICING

SBP
Compliant

WEIGH PLATFORMS DELIVER FLEXIBILITY AND IMPROVE PRODUCTIVITY

For larger package handling, external weighing platforms with up to 70 lbs. capacity, are available and can be ergonomically placed where you use it most. And you can speed up your processing using differential weighing.

SIMPLE, ERROR-PROOF PROCESSING FROM A COLOR TOUCH SCREEN

With an intuitive color touch screen, navigating the IM480's features and functions becomes simple and virtually error-proof. Designed to get your mailing operations done quickly and accurately, the reduction in keystrokes lets you process mail in just a few easy steps. And, the IM Rate Wizard helps you select the correct mail class and best combination of special services for cost effective and accurate mailings in full compliance with USPS requirements.

MANAGE YOUR MAILING OPERATIONS MORE EFFECTIVELY

Online access takes the hassle out of managing your mailing operations. Stay up to date on new rate changes through automatic downloads of the latest USPS postal rates. Simplify business processes by receiving "low ink" alerts via e-mail for timely reordering. Eliminate postage prepayment through convenient "download postage now, pay later" capability. And, qualify for discounted rates when using USPS Special Services electronically.

CONTROL MAILING COSTS AND MAINTAIN ACCURATE ACCOUNTING

Achieve real savings, and effectively monitor the bottom line, by controlling postal expenditures in your mail center. Track usage and postal costs by department and establish individual budgets with pre-set limits and automatic alerts. Access information from your desktop and generate reports to analyze departmental, mail class and time-period data, or customize your own reports.

A SUITE OF VALUE-ADDED PRODUCTS AND SERVICES THAT COMPLETE YOUR TOTAL MAILING SOLUTION

Today's fast-paced office environment requires your mailing operations to be as intelligent as the rest of your business. More than ever, you need real solutions from a complete mailing system. Hasler offers an array of products and services that result in mail center savings and peak performance.

Maximize productivity by integrating into your system a Hasler folder/inserter, a powerful address printer, or a high-speed tabber. Or, add Hasler's innovative software to your digital mailing system for accurate accounting and pinpoint tracking of both inbound and outbound shipments.

Hasler has the total mailing solution to meet all your important processing needs, today and as you change and grow in the future.
