# EFFICIENT PROCESSING
OF YOUR INCOMING MAIL

OP16

THE OFFICE-FRIENDLY LETTER OPENER

Is your company operating with limited resources and a need to increase efficiencies? Turn to the Hasler OP16 Letter Opener and maximize office productivity by distributing incoming mail faster throughout your organization. Whether processing checks, orders, remittance pieces or any incoming mail, the OP16 opens various envelope types, saves time, leaves no waste, and protects valuable contents.

While conventional letter openers can easily damage contents, the OP16 uses an innovative method to neatly slit one side of the envelope, leaving no sharp borders. This means the contents are left undamaged and ensures safe handling.

With the OP16, cash flow is improved as incoming payments get processed quicker. At the same time, orders are processed immediately to help improve customer satisfaction and enhance your business image.

The result is your company benefits from quicker and improved incoming document processing and the opportunity to give staff extra time to concentrate on more important work. Every company needs to find ways to stay competitive, and the Hasler OP16 gives you that added productivity.

HASLER
America's better choice.®

A SUITE OF VALUE-ADDED PRODUCTS AND SERVICES THAT COMPLETE YOUR TOTAL MAILING SOLUTION

Today's fast-paced office environment requires your mailing operations to be as intelligent as the rest of your business. More than ever, you need a total solution that provides the capabilities to meet all your demands, while giving you control and transparency of every mail-related function.

Hasler's OP16 will dramatically increase office efficiency by allowing users to operate at peak performance. And to truly maximize productivity and efficiency, consider integrating a Hasler folder/inserter, a powerful address printer, high-speed tabber, or a digital mailing system into your mailing operations. Each of these products will add processing speed, enhanced performance and a professional appearance to your mail.

Intelligent mailing ensures that your entire mail process operates faster, simpler and more reliably. Hasler has the total mailing solution to meet all your important processing needs today, and as you change and grow in the future.
