## MACH 6

### Key Features:

- Up to 8,000 #10 envelopes/hr
- Full bleed capability
- High-resolution 7" color touch screen display
- Handles media up to 9.5mm thick
- Automatic Capping & Cleaning Station
- Built-in Top Load Friction Feeder
- Five 250 mL front loading ink tanks (CMYKK)

Leveraging Memjet inkjet technology, the MACH 6 Digital Color Printer is able to print on applications beyond the envelope and paper, as well as applications that were not possible by earlier generations. It dramatically improves direct mail marketing and packaging while maintaining an extremely low total cost of ownership.

The MACH 6 is capable of printing full color at 6 inches per second and an amazing 1600 x 1600 dots per inch. The faster option is 1600 x 800 dpi at 12 inches per second which still produces a clear image. Using landscape orientation, you will be producing up to 8,000 pieces per hour! There are five front loading ink tanks (Cyan, Yellow, Magenta, Black, and Black) that feed into the single 8.77" wide print bar. Inside these channels is a whopping 70,400 nozzles from which the ink is sprayed onto the substrate.

Enhance the performance of the MACH 6 by pairing the printer with the optional mColor RIP & Workflow software to deliver the color consistency and accuracy required by creative and production-oriented users. Click [here](#) to learn more.

Speed	Up to 3,600 pages per hour
	Up to 8,000 #10 envelopes per hour
Material Size	MIN: 3" W x 4" L MAX: 10.5" W x 17" L up to 14" L for rigid (stiff) material
Material Thickness	Up to 3/8" (9.5mm)
Print Quality	Normal (1600 x 800 dpi @ 12 ips); Best (1600 x 1600 dpi @ 6 ips)
Technology	Memjet Thermal Inkjet
Ink Capacity	Cyan (250 ml); Yellow (250 ml); Magenta (250 ml); Black (500 ml)
Print Area	Up to 8.77" x 40" with full bleed capability under 8.6"
Color Matrix	Up to 16.8 million colors
Feeder	Top Load Friction Feeder Built-In
PC Interface	USB & ETHERNET
Firmware Update	Electronic Download via PC Connection
Transport	Pressure Roller Transport System with Star Rollers
Features	Full color inkjet; fixed head design; high-res 7" color touch screen; high capacity front loading ink tanks; automatic printhead cleaning and capping service station,
Fonts	All available TruType or Postscript system fonts
Dimensions	34" W x 21" H x 22" D
Weight	120 lbs

Electrical	110-240 VAC 60Hz / 2A
Options	Conveyors & IR Dryers; Quadiant Bulk Mailer Software; mColor RIP & Workflow Software
