Mailing Series Streamfeeder
EFS Pro Envelope Flap Sealer

Now Square Flap Capable!

Overview

Eliminate those pesky paper cuts while reducing the time and mess of manually sealing envelopes. Our new EFS Pro is a desktop automatic envelope flap sealer incorporating the same quality and features that has been built into Streamfeeder equipment for years. From a #9 envelope up to a 10x13, and with various types of flaps, the EFS Pro will provide consistent feeding and flap sealing quality. Convenient and easy to set-up, along with quick changeover from one job to another.

Standard Features

• Advanced sealing technology (patent pending) • Variable Speed Control • Tool-less setup and changeover • Thicknesses up to 1/4 inch • Speeds up to 12,000 per hour • Portable, desktop unit for use in any office or department • Removable stacking tray for use in-line with addressing systems and stamp affixers • Digital counter • and more...
